RUMORS OF GOVERNMENT HELP

The Bank Statement of Saturday.

THE SURPLUS RESERVE \$4,000,000.

SUNDAY, NOV. 10-10 P. M. The events of the past week in Wall street will have but little interest for the ordinary reader of the money article in view of the prominence sud-denly given to what will be the immediate future of the markets in the emergency which has arisen GREAT FIRE IN BOSTON.

Naturally the mind runs back to make comparison with the situation a year ago, when the great fire at Chicago gave us a prototype of the present extraordinary situation. Indeed the repetition of history has seldom been so closely liustrated. It was a Saturday night when the Chi cago conflagration commenced, but it was not un-til Monday, midway of the hours devoted to busiess, that the immense destruction of property began to operate upon the markets. On the pres ent occasion the moneyed community have the advantage of an interval of a day and night to think over the situation and come to conclusions, so that we may expect A CALMER MOOD

in the street on the opening of business. As usua when circumstances happen on Sunday which are likely to affect the money and stock markets. there was a large gathering of brokers and stock dealers at the Fifth Avenue Hotel this evening; but considering the excitement there was comparatively little done in the way of speculation. Early in the evening the disposition to sell was quite strong, and stocks were offered at a concession of 3 a 10 per cent below Saturday night's closing quotations, but when it was ascer-GOVERNMENT HELP

would be given the money market there was a smart rally in prices and a general withdrawal of stocks, the holders preferring to wait until to-morrow and abide the chance of a better market. The Assistant Secretary of the Treasury, Judge Richardson, who happened to be in town, was visited by a number of leading bankers and solicited to use his influence with Mr. Boutwell to procure a disbursement of government money in the morning, to prevent a panic. It was also said that Mr-A. T. Stewart had gone to Washington to see President Grant and Secretary Boutwell personally to Stewart had gone to Washington to see Presiinduce them to

RELIEVE THE MONEY MARKET, and rumor went on to say that these applications

had been so far successful as to obtain a promise from Mr. Boutwell that he would be at the Sub-Treasury in Wall street in the morning prepared to buy five to ten millions of bonds as a measure of defence against a panic. The reassurance occasioned by these rumors was quite marked, and many of the least hopeful of the excited throng began to disbelieve their own apprehensions.

During the course of the afternoon and eventur the business in stocks was as follows:-Four hundred shares of Pacific Mail sold at 80 (against 90% Saturday), but at the close 86 was

Western Union declined to 74%, but closed at 75

Leke Shore sold at 89, which was bid for more. Wabash was quoted at 68 bld, with no offering

THE GOLD MARKET

was strong under rumors that the Bank of England rate would be raised to 8 per cent in the morning, and sales were reported at 114%. At nine o'clock gold was offered at 114%.
THE POREIGN MARKETS

have been active and excited the past week, the commotion commencing in Germany with an onslaught upon some of the less favored American railroad bonds and extending to London, where Germany in payment of the French indemnity led to a sudden raising, on Saturday, of the bank rate to seven per cent, while the street rate for money the same day was quoted at 7 a 8 per cent. The suspension of the London agency of the Paris firm of Bowles Brothers & Co., a banking house of American origin, was announced by cable at the close of the week.

THE GOLD MARKET was directly affected by the foreign news just summarized, and the price advanced from 111% on Monday to 113% on Saturday, the small advance being due to the absence of a "short" interest which had been generally closed out by a "squeeze" in cash gold on Monday and was not renewed. The clique were, in fact, so heavily saddled with gold that they were compelled to pay the full market price for money to have their balances carried over

The money market was easier, taking its course during the week, the business in call loans on Monday having been at 7 per cent currency to 7 per cent gold, and the last rate Saturday 6 per cent, with an intermediate fluctuation to as low as 4 per cent. The supply of commercial paper is still pressing, and rates range from 9 to 12 per cent for prime names, with very little doing under 10 per cent except at bank. Very naturally the advance of the Bank of England rate of discount caused an

ADVANCE IN FOREIGN EXCHANGE, and sight bills are now above the specie saipping point. The sixty day rate continues a little below that standard. The following were the closing rates:-Sterling, sixty days, commercial, 108 a 108 3; do. do., good to prime bankers'. 108% a 108%; do., short sight, 110% a 110%; Paris, sixty days, 5.33% a 5.28%; do., short sight, 5.25 a 5.23%; thalers, 71% a 71%; Antwerp, 5.30 a 5.25; Switzerland, 5.30 a 5.23%; Hamburg, 35% a 35%; Amsterdam, 30% a 40%; Frankfort, 40% a 41; Bremen, 94%

GOVERNMENT BONDS. The advance in gold strengthened the prices of government bonds; but the market was dull and quiet. The currency sixes were higher, regardless of the gold quotation, with an advance to 114%. The following were the final quotations:-United States currency sixes, 114% a 114%; do, do., 1881, registered, 116% a 115%; do. do., coupon, 116% a 117; do. five-twenties, registered, May and November, 112% a 112%; do. do., 1862, coupon, do., 112% a 112%; do. do., 1864, do. do., 112% a 112%; gistered, January and July, 115 a 1151; do. do., 1865, coupon, do., 114% a 115; do. do., 1867, do. do., 115% a 115%; do. do., 1868. do. do., 114% a 115%; do. ten-forties, registered, 10814 a 10814; do. do. coupon, 108% a 108%; do. fives of 1881, registered, 109% a 110; do. do., coupon, 109% a 110.

THE SOUTHERN STATE BONDS. The result of the Presidential election, for ren-

sons which seem more or less obvious, according to the political bias of the reader, had a beneficial effect upon the Southern State bonds, more particularly the Virginias and Tennessees, but this influence was excepted to in the case of the South Carolinas, which were dull and lower. The North Carolinas were active and strong on the prospect of a refunding of the debt and resumption of of a relation of the following were the last quotations Saturday:—Tennessee, ex coupon, 74 a 74%; do., new, 74 a 74%; Virginia, ex coupon, 46 a 50; do., registered stock, old, 38 a 41; do. sixes, consolidated bonds, 55% a 56%; do. do., deferred scrip, 16% a 16%; Georgia sixes, 70 a 78; do. sevens, 67 a 90; North Carolina, ex coupon, 35 a 36; do. to North Carolina Rairoad, 46 a 48; do. funding, 1868, 27 a 29; do. do., 1868, 22 a 25; do. new, 21 a 23; do. special tax, 14 a 15; Missouri sixes, 93 a 23½; do. THE BANK STATEMENT.

The weekly statement of the associated banks is unfavorable, owing chiefly to a decrease of about three and a half millions of legal tenders, the loss of which is not readily explained and has given rise to a surmise that the Treasury is quietly withdrawing the four and a half millions of greenbacks issued last month. The Western money markets are more active, but the outflow of currency so far has not been large enough to account for the loss. At the same time there is an increase in specie of moderate amount and a small contraction of loans. The decrease in deposits is as irregular as the rest of the banking movement for the week. Despite these drawbacks the banks are yet in a strong position for this season, and continue to hold

A SURPLUS OF ABOUT FOUR MILLIONS in excess of the required reserve. The statement compares with its predecessor as follows:—

	Nov. 2.	Nov. 9.

of the above figures shows that the surplus reserve of the banks has been reduced to \$3,936,775, against \$5,625,975 the previous week-a decrease of \$1,689,200. COMMERCIAL REPORT.

Cotton Easier; Receipts at the Ports, Lower-Corn Easy-Pork and Lard Firm-Freights Firm-Petroleum Higher-Naval Stores Steady - Whiskey

SATURDAY, NOV. 9-6 P.M. The trade movement during the week has been slow, having been retarded by the general election of Tuesday, which was held as a close holiday in commercial marts, while on Monday and Wednesday there was but a feeble attempt to do business anywhere, the Presidential election absorbing the undivided attention of the mercantile public everywhere during the latter part of the week. The fluctuations in the gold premium acted as a decided hinderance to commercial enterprises, and to-day, Saturday, the usual duliness incident to the closing day of the week was intensified by the unexpected and apparently causeless advance in the gold premium to nearly 14 per cent, in view of which business in many commodities was brought to a complete stand. The export movement was interrupted by the unsettled condition of gold and exchange, but it was hoped that at the expiration of a few days, at the worst, matters will have returned to their normal condition and business once more have become comparatively active. On 'Change flour was exceedingly dull. Wheat was also dull and closed heavy, notwithstanding the advance in gold, which it was hoped would enable holders to realize an advance. Corn was dull. Whiskey was excited and decidedly higher, the market being "swept clean," and closing buoyant at the advance. Pork was quiet, though firm, while lard was the turn dearer. Cotton was 1-16c. a 3/c. per ib. easier for both spot and future. The marbetter. Petroleum was more sought after at a decided

advance in prices. Naval stores were steady.

COFFE.—After the moderate activity reported yesterday the market was quiet to-day, yet full prices were current. We quote :- Rio, ordinary cargoes, 15c. a 15/4c. fair, 15/4c. a 16c. : good, 17c. a 17/4c. ; prime, 18c. a 1894c. fair, 1834c. a 16c.; good, 17c. a 1734c.; prime, 18c. a 1834c., gold, 60 and 90 days; Maracaibo, 16c. a 18c.; Lagnayra, 17c. a 1834c.; S. Domingo in bond), 14c.; Java, 1834c. a 18c.; gold.

Gorros, on the spot and to arrive, was neglected, and the market, under the pressure of more liberal offerings, yielded 34c. per 1b. in buyer's favor, and closed tame. Putture deliveries were active, but 1-16c. per 1b. easier. The sales sum up as follows:—

THE HIPPOZYMOSIS.

Bishop Wood, of Philadelphia, Orders a Prayer in the Catholic Churches for the Abatement of the Pestis Animaltum-The Disease in Cincinnati and PHILADELPHIA, Nov. 10, 1872.

The epizooty is abating, and some of the street car lines have resumed business. Cars will probably be run on all the lines by Monday. Bishop Wood, of the Catholic Church, has issued

the following instructions to his parishioners for a prayer for an abatement :-

prayer for an abatement:—
In all public calamities it is in accordance with the spirit of the Church that we should have recourse to God by prayer for their mitigation or cessation. We are now suffering from an afflication which most seriously interferes with public and private comfort, convenience and even necessities, and whose results may be much more disastrous than we can now anticipate. We, therefore, prescribe the recitation of the prayer from the Missai Pro Peste Animalium for thirty days in all the masses in which it is permitted by the Rubric, trusting that God in His Infinite mercy will mitigate or cause to cease the present widely prevailing pestilence. We also request all religious communities in our diocese to recite daily for the Missaed Virgin AUG. J. MCCONOMY, Secretary.
